About Missions Supporters League (MSL)

The Vision

A God centered and dynamic missions support movement committed to the holistic transformation of peoples of the world.

The Mission

To raise prayer, material, financial and other aspects of support for missions through the mobilization of the Church for the salvation of nations.

The Strategy

The objectives of MSL are discharged through the establishment of Chapters which are clusters of Christians from different local churches coming together to fulfill the common goal of reaching the nations through missions partnership. Every MSL Chapter adopts a mission field in a strategic collaboration with the missionaries working among an Unreached People Group (UPG).

The Chapter serves as a sending team for the purpose of making Jesus Christ known, worshiped and glorified among the people group. This partnership arrangement is implemented through the provision of financial/material support and prayer back-up for the work. Field visits are also undertaken by MSL Chapters to enable members have a firsthand knowledge of the field. Chapter members also provide care and hospitality to missionaries.

Sun. Jan. 01: New Year — Happy Prosperous New Year! Thank God for all He did in your life, family, community and country in 2022. Praise God for the opportunity and privilege you have to see 2023 in good health and sound mind. Ask God to help you and believers everywhere become instruments through which His love will spread to all peoples (tribes) and people. Pray for God's direction and guidance over your life and that of your loved ones in this New Year and that every hope, desire and aspiration be fulfilled according to His purpose.

Mon. Jan. 02: Nigeria — Nigeria celebrated her 62nd Independence anniversary in October 2022, with little to show for it despite the human capacity and natural resources available in the country. Public fund embezzlement, social injustice, bribery, internet fraud, petty scam, drug and human trafficking, armed robbery, kidnapping and terrorism have torn apart the value system. As the 2023 general election comes next month, pray that the electorates will vote wisely to elect good and empathic leaders based on competence and not sentiment. Pray against the plans of the devil over Nigeria and the Church of Christ and ask that the glory of the Nation be restored.

Tues. Jan. 03: Botswana — Praise God for the political stability, economic growth and lower corruption level in Botswana. The roughly 2.4 million people, 65.5% are Christian adherent and the country has no Unreached People Group. Thank God for the growth and pray that it will increase and be sustained. AIDS has devastated the country as it has the world's second-highest prevalence of AIDS after Eswatini, which has

stolen 28 years from the nation's life expectancy. Pray for the success of the government's programme to make anti-retroviral drugs available through the public sector and that the people will make judicious use of this programme.

Wed. Jan. 04: Namibia — Stability and economic progress followed independence in the 1990s and Christians united in prayer at that time. However, the country could fall into ethnic conflict and economic collapse if good government and community harmony do not prevail. Pray that the nation's leaders would address with wisdom and determination the gap between the rich and poor; land ownership issues and HIV/AIDS. Liberal theology and syncretistic Afro-Spiritism eroded its spiritual heritage; pray for a biblical faith to be restored throughout Namibia's many churches.

Thurs. Jan. 05: Seychelles — The vast majority of Seychellois claim to be Christian, but evidence of true spiritual transformation seems outweighed by superstition and nominalism. Pray that the Holy Spirit may bring new life evidenced by repentance and sustained fruit. Ask God to raise and equip locals who will take the Gospel to their neighbours and to adjoining countries in Europe.

Fri. Jan. 06: Togo — The political and economic situation remains unstable. The military coup and unfair elections created resentment between the Southern (Guinean) and Central-northern (Gur) peoples who dominate politics. Pray that the Bible will continue to get to those who earnestly and diligently seek it despite oppositions.

Thurs. June 29: The Universal Church — Thank God for the coming global revival and pray that God would raise end-time prophets/mobilizers to blow the trumpet in Zion and awaken all sleeping giants in the global Church for missions. Using Matthew 16:18-19, ask that the keys of the kingdom of heaven given to the Church will be used to open every process, system and nation to the Gospel and declare the victorious promise of Christ against the gates of Hades wrestling with the Universal Church.

Fri. June 30: Pray for Yourself — Thank God for grace to intercede for nations in this first half of the year. Using 3John v.2, ask the Lord to prosper you spiritually, mentally, bodily,

Fri. June 23: MSL Prayer and Mobilization Centre — Using Philippians 4:6, thank God for the vision of this Centre and for the miraculous way He is going to materialize it. Sun. June 25: MSL Gwagwalada Chapter — This Chapter is partnering with the Gospel Balm Missions to reach the Taba people of the FCT with the Good news. Pray that the Lord will prosper the efforts of this Chapter under the current leadership. Ask God to bless all members as they labour to establish and advance God's kingdom among the Taba people and environs cut off from civilization by the Gurara River. Pray that the fruits of this labour shall abide till eternity.

Mon. June 26: MSL Nigeria — MSL Nigeria is currently partnering with over 90 Missionaries labouring among the Unreached People Groups across Nigeria and beyond. The Malay- and Islam-centric UMNO party dominated Malaysia's political scene from independence, which enriched a small portion of them at the expense of everyone else, but was defeated in the 2018 elections. Pray for leaders who must hold the country together in ways that satisfy both moderate and conservative Muslims, as well as the sizeable and diverse minorities.
